Honorable Kevin Mullin, Assemblymember
State Capitol, Room 3160
Post Office Box 942849
Sacramento, CA 94249-0022

Dear Kevin,

At our most recent meeting, the San Mateo County Transit District Board of Directors adjourned in honor and memory of your father, Gene Mullin, former Assemblymember and South San Francisco Mayor/Councilmember.

Your father was a true public servant and man of integrity who worked tirelessly on many fronts to benefit the community at large. His indefatigable belief in the good work that government can do was an inspiration to us all. We are especially grateful for his work on Measures K and W amongst his many other contributions.

On behalf of the entire SamTrans organization, please extend to your family our deepest sympathy and good wishes. It is our sincere hope that this message of condolence will be a source of comfort to you and your family at this difficult time.

Sincerely,

A blue ink signature of Charles Stone, written in a cursive style.

Charles Stone
Chair
San Mateo County Transit Board of Directors

San Carlos, CA, 94070-1306

Dear Charles,

I am writing you regarding concern over one of the alternatives under consideration in the SAMTRANS Reimagine Study.

I congratulate SAMTRANS for taking on this project and believe it is timely to evaluate the future of public transportation in San Mateo County. The City of Brisbane understands there will be other times to input our thoughts and concerns but wanted to take this opportunity to communicate directly with you as Chairman of the Board.

As you know Brisbane is a somewhat isolated community. Accessible public transportation for our residents and our sizeable work force primarily comes from route 292 Bus line that serves Bayshore Blvd into Central/Downtown San Francisco. Alternative 1 of the Reimagine Study would potentially eliminate the route into and from the City of San Francisco. Many of the businesses in our industrial park and our office parks depend on employees using this route. Additionally, many of our residents work in downtown and depend on this service.

We understand that with any process of this nature, difficult decisions need to be made but urge you and the Board to consider the impact of limiting service on route 292. We encourage the continuation of route 292 from San Mateo County into San Francisco and back.

Thanks for your service on the Board and attention to this issue.

Sincerely,

Karen Cunningham

San Carlos, CA, 94070-1306

Dear Rico,

I am writing you regarding concern over one of the alternatives under consideration in the SAMTRANS Reimagine Study. We have also copied you on a letter we sent to Chairman Stone.

I congratulate SAMTRANS for taking on this project and believe it is timely to evaluate the future of public transportation in San Mateo County. The City of Brisbane understands there will be other times to input our thoughts and concerns, but I wanted to take this opportunity to communicate directly with you as the North County representative.

As you know Brisbane is a somewhat isolated community. Accessible public transportation for our residents and our sizeable work force primarily comes from route 292 Bus line that serves Bayshore Blvd into Central/Downtown San Francisco. Alternative 1 of the Reimagine Study would potentially eliminate the route into and from the City of San Francisco. Many of the businesses in our industrial park and our office parks depend on employees using this route. Additionally, many of our residents work in downtown and depend on this service.

While we understand that the proposal would be offset by greater frequency of in county routes, we are concerned about the loss of connection into San Francisco. We have invited SAMTRANS staff to come to the April 15th City Council meeting and make a presentation.

We understand that with any process of this nature, difficult decisions need to be made but urge you and the Board to consider the impact of limiting service on route 292. We encourage the continuation of route 292 from San Mateo County into San Francisco and back.

Thanks for your service on the Board and attention to this issue.

Sincerely,

Karen Cunningham
