Dear to whom it may concern:

I've been asking the board of directors and planning departments to make a little adjustment to add 2 stops of the 40 bus on the Sneath Blvd and National Ave for the students to improve our transfer to the other school busses- 110 and 112 . What you need to do is to send your street service staff to add number 40 to the existed 141 bus sign. Please take into consideration this that

addition will improve and facilitate commute

Of many students who take 110 and 112 busses to school in Daly City.

Sincerely , Eleonora Movsesova

Subject: Adding 40 bus sing to 141

Dear to whom it may concern:

I'm a citizen of San Mateo County(San Bruno) and working for the Jefferson Elementary School District (Middle as well) in Daly City . With the new reimagining system of Samtrance, I have noticed that the school bus sign of 40 is omitted on the Sneath boulevard . For the students, citizens , and school staff co- nvenience and easy commute, Please add the 40 bus sing to the 141 bus stop sign to and from San Bruno Bart. 2 busses are taking students to the Skyline college , and a 40 bus taking students and staff to the schools.

Sincerely,
Eleonora Movsesova
