Sound Transit to open starter 2 Line in spring 2024

The first portion of the East Link light-rail project will open with eight stations between the South Bellevue and Redmond Technology stations.

CHSRA Board of Directors puts out Request for Qualifications for 220 mph electrified high-speed trainsets

The RFQ is the first step in a two-step procurement process as the authority anticipates getting Statements of Qualifications from prospective trainset manufacturers in November 2023.

VIA Rail Canada investing C\$80 million in Heritage Stations

The investment will support renovation at four Heritage Stations, including Winnipeg Union Station, Vancouver Pacific Station, Halifax Station and Gare du Palais in Québec City.

BART to exclusively run Fleet of the Future trains beginning Sept. 11

The new trains are shorter than BART's legacy trains, which the authority explains will allow for more police and safety staff presence, cleaner trains and fewer delays.

Siemens Mobility breaks ground on North Carolina rail vehicle manufacturing facility

The facility will be the company's second manufacturing hub in North America and will commence operations in 2024.

TransLink unveils Mark V SkyTrain cars

The 205 new cars are designed to eventually replace the original Mark I models, which are slated for retirement by the end of 2027.

Metropolitan Council, Hennepin County agree to funding agreement for Green Line Extension Light Rail Transit Line

The two entities have collaborated for several months to define funding sources and reach a resolution to close the

remaining funding gap.

Sound Transit's T Line Hilltop Tacoma Link Extension to begin service Sept. 16

The 2.4-mile Hilltop extension doubles the length of the T Line and includes seven new stations.
