Share Your Feedback on Proposed Bus Line Changes!

Informational Realign books are now available for review! Comment cards are also available so you can provide feedback about your route. Visit one of the local libraries in our "Printed Copy Locations" list [here](#).

The AC Transit Board has set four Realign public hearing dates in September and have opened the public comment period for the Draft Final Plan.

Realign is a comprehensive assessment of every AC Transit bus line in response to the substantial shifts in ridership and commute patterns since the pandemic. Since

Spring 2023, AC Transit has engaged in a multi-phased community outreach process, which helped shape the development of the Draft Final Plan, which is carefully crafted to optimize current service efficiency while ensuring that the proposed bus network adjustments are possible with our existing labor force.

The Draft Final Plan suggests several types of changes to our service, including re-routing bus lines, combining, or eliminating others, as well as proposing frequency and service hour adjustments.

The public comment period closes on September 11. All written comments received before the close of the final hearing will be considered and included in the official record. Learn more about the Draft Final Plan and submit comments [online here](#).

AC Transit Staff will also be available at public and community events through September 11. Find an event near you [here](#).

Public Hearing Schedule – expect long wait times to present public comment at hearings.

Nos complace anunciar que la Junta Directiva de AC Transit ha fijado cuatro fechas de audiencia pública de Realign en septiembre y ha abierto el período de comentarios públicos para el Borrador del Plan Final.

Realign es una evaluación integral de cada línea de autobús de AC Transit en respuesta a los cambios sustanciales en el índice de pasajeros y los patrones de viaje desde la pandemia. Desde la primavera de 2023, AC Transit ha emprendido un proceso de divulgación comunitaria en varias fases, que ayudó a dar forma al desarrollo del Borrador del Plan Final, que está cuidadosamente elaborado para optimizar la eficiencia del servicio actual y al mismo tiempo garantizar que los ajustes propuestos a la red de autobuses sean posibles con nuestra fuerza laboral existente.

El Borrador del Plan Final sugiere varios tipos de cambios a nuestro servicio, que incluye redireccionar líneas de autobús, combinar o eliminar otras, así como proponer ajustes de frecuencia y horas de servicio.

El período de comentarios públicos cierra el 11 de septiembre. Todos los comentarios escritos recibidos antes del cierre de la audiencia final serán considerados e incluidos en el registro oficial. Obtenga más información sobre el Borrador del Plan Final y envíe comentarios [en línea aquí](#).

El personal de AC Transit también estará disponible en eventos públicos y comunitarios hasta el 11 de septiembre. Encuentre un evento cerca de usted [aquí](#).

Calendario de audiencias públicas: prevea largas esperas para presentar comentarios públicos en las audiencias.
