I visited Seton MC today to see Urologist. He knows David & will attend.

Not many people there know about this meeting.

Kamala please post pdf of this twitter page.

Michael Stogner: Please post on your website too.

David was born at Seton MC, 44 years ago.

We need more young people stepping up to the plate.

I can still barely see Seton from kitchen window.

Trees have blocked most of it.

Samtrans 122 stops each direction at Seton.

I often take the 130 from El Camino Costco, then walk the front hill.

There are new Samtrans bus schedules available on buses today.

Someone should reproduce this flyer & display at Seton MC next week.

Thanks,

Mike
